CANYON RIDGE® collection

MODERN series

Canyon Ridge® Modern Series faux wood garage doors are constructed from a durable, low-maintenance, composite material that won't rot, warp or crack. As versatile and realistic-looking as natural wood but requiring far less upkeep, the Modern Series door designs feature key elements of contemporary architecture: clean, horizontal lines with mid-century appeal, sleek window styles and aluminum accents. These faux wood doors are a perfect complement to other natural materials and textures on your home's exterior.
