

# COACHMAN<sup>®</sup> collection

The perfect blend of beauty and practicality, these carriage house doors look like wood, but they are actually crafted of multiple layers of durable, low-maintenance steel and insulation topped with a woodgrain textured composite overlay.

Accented with decorative black wrought iron hardware, Coachman doors have the charming appearance of an old-fashioned swing-out door, but offer the built-in convenience of modern upward operation.

Complete overlay and true arch window designs provide an authentic carriage house look setting Clopay's Coachman<sup>®</sup> Collection above the rest.

## DOOR DESIGNS

Coachman doors can be painted using a high-quality exterior latex paint. **IMPORTANT:** When painting your door, we require use of either a preapproved paint or paints having an LRV (Light Reflective Value) of 38 or higher. Use of other paints will void the door's warranty. A list of preapproved paints can be found at <http://info.garagedoors.com/lrv>. Not all panel and window options available in all model widths and heights. See your Clopay Dealer for more details or go to [www.clopay.com](http://www.clopay.com).

## TOP/WINDOW SECTIONS

Additional double width door designs available.

## COLORS

STEEL BASE / COMPOSITE OVERLAY COLORS

Overlay and base colors can be mixed to achieve desired look. Interior steel is always White.

*Due to the printing process, colors may vary.*
